SUMMARY

Full-Stack Developer with 3+ years of experience building web applications using React, Next.js, TypeScript, Node.js, and Spring Boot. Experienced in REST APIs, authentication, PostgreSQL/MySQL, and full-stack development from implementation to production.

WORK EXPERIENCE

Web Development Specialist — Dynamic Impact Advertising Aug 2025 – Jul 2026

- Led the development and delivery of web applications using React, Next.js, TypeScript, and AI-assisted development tools, from technical design to production.
- Built REST APIs, authentication flows, and database-driven features using Node.js and PostgreSQL/MySQL, leveraging AI-assisted workflows to improve development efficiency.
- Contributed to technical decisions, feature planning, performance optimization, AI-assisted development workflows, and production maintenance.

Full-Stack Developer — Digitalia Apr 2025 – Aug 2025

- Developed and maintained web applications using React, Next.js, TypeScript, and Node.js.
- Built REST APIs, authentication, and database-driven features while contributing to debugging and application optimization.

Full-Stack Developer — Ocean Connecting Jul 2024 – May 2025

- Developed responsive web applications and SEO-optimized websites using modern JavaScript technologies.
- Built full-stack features for healthcare and real-estate platforms, integrating APIs, authentication, and database functionality.

Frontend Web Developer | Email Marketing — Optisent Sep 2023 – Jun 2024

- Developed responsive web pages using HTML, CSS, and JavaScript, while contributing to SEO and HTML email marketing campaigns.
